

Requirement for web application: <https://andrijadesign.com/>

Kindly check the functionalities and create Test Cases, Bug Report and Improvement for the details mentioned below and add button 'Search'.

1. **Link Portfolio** from **Home page** opens Portfolio Page with 6 photos and load more link below. When clicking on the link **LOAD MORE** 3 new photos appear (3 times to click on it in order to have all 15 photos on Portfolio page)
2. **Arrows** on the section Testimonials from **Home page** show previous or next testimonial (left arrow leads to the previous and right arrow to the next one)
3. **Button 'Let me hear your story'** from **Home page** contains 3 fields:
 - Name (should only accept lower and upper letters),
 - Email address (contain upper, lower letters, numbers, special characters @)
Once both fields filled out correctly, when clicking on the button send, a pop-up window opens.
 - Message (accepts upper and lower letters, numbers, special characters)

Pop up window:

Thank you for your message.
We will contact you ASAP. Thank you for your patience.

! If one field is not filled out accordingly, an error message appears. Error message:

Please fill out the form accordingly.
Thank you.

4. **Icons (Linkedin, Upwork, Behance, Instagram, Youtube)** from **Footer** opens the profile of the right person - Andrija Micunovic in each application
5. Please add **'Search'** button on Home page

KINDLY REMINDER: If the requirement is not completely clear, let us know in order to provide you additional details.
